

PHOTOSHOOTS & FILMING.

Bourne & Hollingsworth Buildings

NORTHAMPTON ROAD, LONDON, EC1R 0HU - INFO@BANDHBUILDINGS.COM

WELCOME TO B&H BUILDINGS

Bourne & Hollingsworth Buildings is many things to many people: weekend brunch hangout, special dinner venue, Wednesday meeting room, afternoon tea spot, remote office, Friday cocktails haunt, first date find – to name a few. The versatility of the space, coupled with the clean, original and incredibly light aesthetic, also make it a favourite for photoshoots and filming.

From bakeware to beachwear, cooking demonstrations to music videos, there is a perfect space in B&H Buildings to showcase products or serve as a unique backdrop for a TV show, segment or music video.

Since opening in 2014, B&H Buildings has played host to all manner of product launches, showcases, photoshoots, recipe testing, cookery demonstrations and filming. From the launch of Alexa Chung's first collection for AG Jeans, to cookery demonstrations lead by Paul Hollywood and BBC's Greg Wallace; filming for ITV's this morning, commercial photoshoots for spirit and wine brands, to the Clerkenwell Design Week press hub, B&H Buildings offers an incredibly versatile and stylish venue for every creative and commercial project.

FIRST FLOOR.

The Bar - Greenhouse - Restaurant - Cafe

THE RESTAURANT AND GREENHOUSE

The most Instagrammed area of B&H Buildings, the Greenhouse and main restaurant are styled after an abandoned country house, where the gardens and state rooms have slowly grown into one another and gone to seed.

Mixing soft furnishings and armchairs with cane garden furniture and wrought iron benches, the whole space is filled with hanging baskets, fully grown trees and trailing creepers, effectively bringing the outside in and offering a bright, sunny and beautiful space.

This space lends itself perfectly to clothing collection exhibitions, beauty product launches and fashion shoots.

FURTHER INFORMATION

Tables are marble topped and bespoke with wrought cane furniture and reupholstered armchairs. The doors to the greenhouse lead out onto the street and light streams into both rooms even during dull winter days. There is a working fireplace separating the two rooms.

THE RESTAURANT

THE GREENHOUSE

THE CAFE

The café offers a perfect median between bustling bar and more formal restaurant. Featuring bentwood mahogany and wicker booths, the three tables can be lined up to form a classic banqueting arrangement, both smart and relaxed, and accommodating up to 18 guests. Light and airy in the daytime or illuminated with beautiful hanging lamps in the evening this is an elegant and versatile space for more informal celebrations.

THE BAR

Occupying the sunny west-facing side of the building, the Bar at B&H Buildings opens onto the street and the leafy park beyond via huge windows and doors. Influenced by those typically seen in a Grand Café, the beautiful marble mosaic bar top is itself a thing of beauty, particularly when set against the stunning mirrored back bar.

This room is a perfect backdrop for shooting spirit or drinks commercials, with the option of our helpful and highly skilled bartenders on hand to frame your product perfectly in a beautifully presented cocktail.

PRIVATE ROOMS.

In addition to the restaurant, cafe, bar and greenhouse, B&H Buildings houses two marvellous private dining rooms, which make perfect breakout rooms, changing rooms or unique filming opportunities.

B&H KITCHEN

The B&H Kitchen is situated on the second floor of the building. A beautiful cookery school meets private dining room, the table is a beautiful one-of-a-kind piece of London Plane and is framed by bespoke green and white British Standard cupboards.

This room is ideal for food and drink demonstrations and chef cook offs, with six induction hobs, a moveable gas hobs unit, fridges, running water and four ovens.

PRIVATE DINING ROOM

Situated on the ground floor, this delightful room is white-washed and follows the same light and airy aesthetic as the rest of the venue, with beautiful plants hanging from the ceiling. Antique display cabinets full of plants and bottles line the room and a beautiful fireplace takes centre stage.

The five bespoke wooden tables come together to make one long large and comfortable dining table, surrounded by stunningly upholstered chairs, enclosed by beautiful blue plantation shutter.

BASEMENT.

In addition to the restaurant, cafe, bar and greenhouse, B&H Buildings houses two marvellous private dining rooms, which make perfect breakout rooms, changing rooms or unique filming opportunities.

INDUSTRIAL KITCHEN

On the ground floor is the industrial kitchen that services the restaurant above. With dumb waiters running upstairs, industrial ovens and hobs, this kitchen works well for cookery programs or chefs that need more space.

BELOW & HIDDEN

No bigger than an average living room, and designed to feel like the dark, cool and moody alter ego to its light and airy sister venue upstairs, Below & Hidden offers a secret drinking and dancing den for discerning night owls. The luxurious tapes-try-covered walls reveal floor to ceiling LED light panels, illuminating the beat.

An ideal room for breakout sessions, or to use as additional storage / furniture removal, a gallery or as an extra area for the art department.
